The health and well-being of our community is our top priority, but our goal to enrich the community with educational, cultural, and recreational resources does not stop even when we are closed. During the hours of 9am-5pm Monday through Friday, staff will continue to answer the phone (860-628-0974), respond to reference inquiries and assist the community. We will be placing a link on our website for Southington residents to register for temporary e-cards providing access to our digital resources. We will be instituting a curbside material pickup so that the community may still take advantage of our resources. To learn more about this program, keep checking our website ([southingtonlibrary.org](http://southingtonlibrary.org)) or call us for more details.
