

Tales & Tails 2021 - June Programming

Southington Residents aged 0 to 14 may Sign Up for the **Southington Public Library Summer Reading Program: Tales & Tails** beginning **Monday, June 14th**. Registering enables you to participate in raffles, digital programs, take-home kits, and other fun activities throughout the summer. Children may register for summer programming online **1 week before** the program date which means if the program is on the calendar as happening June 21st, you can register for it starting June 14th. All programming, except Bingo, is available On Demand after the scheduled time. **Any program with an asterisk* requires registration.**

For every 5 days that are marked toward having read, your child will receive one raffle ticket that is entered into the Weekly Prize and Grand Prize drawings. While we set a daily goal for 20 minutes of reading a day, we would love for you to exceed that! You can track your reading through ReaderZone, or ask us about other options.
